12. Process for a new commercial use:

David Huenink drafted a document that describes the process a property owner would need to go through in order to legally operate a new commercial use in the Township under the current Town code. The document was included in the March meeting packet and members were asked for their feedback. David Huenink will add the Town of Holland's Comprehensive Plan, Wisconsin Department of Natural Resources, and the Sheboygan County Shoreland Ordinance as consideration points to the list. David Mueller requested that David Huenink send this document to Kevin Struck at UW-Extension for his review.

13. Ongoing issues:

- a. Applications being processed – Richard and Carol Gust's request for a conditional use permit was approved at the February meeting. The document is currently being drafted and will be sent to the Gust's for their signatures soon.
- b. Scott Soerens was present to discuss current compliance with zoning ordinances at his property located at parcel 59006064210. It was previously observed by Roy Teunissen that parcel 59006064210 transferred ownership to Pushing Perfection Concrete & Construction LLC in the Sheboygan Press newspaper. The Plan Commission explained to Scott that the business must operate as a home occupation consistent with Town of Holland ordinances and after some discussion, relayed to Scott that he will need to apply for a conditional use permit in order to properly store equipment for his business. It was also previously observed that a low, wet area of the property may be getting filled in with construction debris. Scott stated that the only area of the property getting filled in is with concrete on top of the former barn foundation; the barn has been removed from the property and Scott plans to construct an outbuilding in its place in the same footprint as the barn. The Plan

Commission informed Scott about the process to obtain a building permit prior to constructing the outbuilding.

14. Public input:

- a. Tom Huenink reported that he anticipates receiving an application for new home construction for a parcel located on County Hwy K. He will keep the Plan Commission updated with permits or inspections completed for the property.
