#### 11. Public input

- a. The owners of the property at N131 Surfside Drive (zoned R-1, approximately 0.6 acres) visited the Town office in November 2021 to discuss potential construction of a 24-foot by 34-foot 2-story accessory structure to include an art studio and bathroom. The owners of the property were not present at the December 6<sup>th</sup> Plan Commission meeting, but a summary of the potential request was included in the information packet for this meeting. The Plan Commission recognized that the required side setback for an accessory structure in the R-1 district is a minimum of 10 feet or half the height of the structure, whichever is greater. The owners at N131 Surfside Drive would like the building to be approximately 30 feet tall, therefore, a 15-foot side setback would be required. The subject property is approximately 50 feet wide and cannot accommodate the proposed structure while meeting required setbacks. The Plan Commission also recognized that the property owners could apply for a special exception for a reduced side setback for the proposed accessory structure.
- b. Lance Borgenhagen of N951 Knepprath Road (zoned A-5, 17.460 acres) was present to discuss options for constructing a single-family residence on his property. A single-family residence already exists on the parcel; therefore, a new parcel would need to be created in order to accomplish this. The Plan Commission concurred that the best option for the new parcel is to retain the current zoning classification instead of rezoning to a residential district because the subject property is not intended for rural residential development per the Town's Year 2030 Future Land Use Map adopted as part of the Town's Comprehensive Plan. In order to retain the current zoning classification, 2 parcels consisting of a minimum of 3.00 acres and 225 feet of road frontage on a public road must be the result of this transaction in which the goal is to construct a new single-family residence, unless a flag lot is approved by the Township. The Plan Commission provided a couple of options for Lance. The first option is to apply for a minor land division to include a flag lot which could be created by acquiring some land from the neighbor to the south; this lot must be 20 feet south of the existing residence on the current parcel and must have 66 feet of road frontage. The second option includes a smaller parcel owned by a family member of Lance that is located in the middle of his parcel. Lance could apply for a boundary line adjustment with Sheboygan County Planning to adjust the boundaries of both parcels to separate the proposed building area. This option would eliminate the need for a land division, would require the smaller parcel to be rezoned from A-3 to A-5, and would require approval of a flag lot. Again, the flag lot must be 20 feet south of the existing residence on the current parcel and must have 66 feet of road frontage. The Plan Commission recognized that the second option would make a stronger argument for the flag lot proposal because the aforementioned smaller parcel is currently non-conforming to

its zoning district in lot size and road frontage, so the transaction would eliminate a non-conforming parcel if the flag lot was approved.

12. Public hearings for:

- a. Andy Walsh on behalf of Our Lady of the Lakes Catholic Congregation for a minor land division, rezoning, and special exception:  
Chair David Huenink called the public hearing for Andy Walsh to order at 8:38pm. The property is located at W4274 County Road K, parcel 59006068380 (zoned P-2, 5.880 acres). The minor land division request is to divide 1.369 acres from the parcel and rezone the 1.369 acres to R-1. The special exception request is to allow for a side setback of 10 feet from the proposed western lot line to the existing residence and a side setback of 13.8 feet from the existing eastern lot line to the existing residence. 17. Conditional use permit amendment required for N1066 Sauk Trail Road:

Clerk Janelle Kaiser and Chair Huenink met with the owner of N1066 Sauk Trail Road, Grant Van Driest of Van Drastic Vodka, in late November to discuss possible updates to the conditional use permit (CUP) on file for his property. Grant currently holds a CUP to manufacture, distribute, and conduct retail sales of vodka on the portion of the premises located in the B-1 zoning district. The Plan Commission discussed necessary amendments to the CUP and its conditions to reflect the current operations of the business. Clerk Janelle Kaiser will contact Grant to inform him of the steps and information required to update the CUP.

18. Status of accessory structure construction and use allowed by conditional use permit at W2158 Amber Lane:

During a recent conditional use permit review for the property at W2158 Amber Lane, the Plan Commission asked for follow-up about whether the construction of the accessory structure for which Tom and Amanda Race hold a conditional use permit to construct per the site plan approved with the application was following the construction schedule as provided by the CUP.

The Plan Commission recognized that the construction is following the schedule appropriately as of the December 6<sup>th</sup> Plan Commission meeting,

In late November, Clerk Janelle Kaiser received a call from Kevin in the Sheboygan County Planning Department about use of the accessory structure at W2158 Amber Lane. Kevin stated that he observed a potential dwelling unit existing within the structure that may include sleeping quarters, sanitary facilities, and food preparation areas. Clerk Janelle Kaiser received an email from one of the property owners, Tom Race, which stated that there is no sleeping area within the structure, though a food preparation area and sanitary facilities are present inside the structure. The Plan Commission asked that Clerk Janelle Kaiser follow up with Kevin at Sheboygan County to ask for further details about what he observed on the property.

19. Exterior lighting facing north and west at W1901 Smies Road on property leased by CG Services:

A member of the Plan Commission drove past the property on Smies Road and observed that the exterior lights appear to be LED, so they are brighter than some may be used to, but the light did not appear extraordinarily bright or blinding on the road. The Plan Commission recognized that any complaints received by members of the public about the lights as they reflect on Interstate 43 should be directed to the Sheboygan County Sheriff's Department.
