

Cedar Grove Fire Dept Joint Meeting Minutes
Cedar Grove Fire Dept
Village of Cedar Grove Fire, Law & Safety Committee
Town of Holland Public Safety Committee

Date: Monday, December 6, 2021

Time: 6:00 PM

Place: Cedar Grove Firehouse, 306 S Main St, Cedar Grove WI 53013

1. Meeting called to order at 6:00 PM

2. Attendees:

Fire Dept – Greg Navis, Tom Bruggink, Dale Van Ess, Mark Van Ess, Kyle Voskuil

Town – David Huenink

Village – Mike DeHaai, Tom Getschman, Ken Hoopman

3. Review of fire truck replacement options and costs

MANUFACTURERS CONSIDERED:

Custom Fire (3 or 4 trucks in county)

Darley (CGFD used for 3 of last 4 trucks)

Pierce (many trucks in county, about 70% of total)

All three manufacturers came to CG and presented.

SPECS FOR ALL MANUFACTURERS:

750 gallons water

1,500 GPM pump

Walkway down center of hose bed, good to load hose (particularly inside firehouse)

Generator - PTO

Lightbar on cab

Foam system

Deluge gun in middle behind cab

33 to 35 feet long

12 shelves

Power inverter, outlets scattered throughout truck

Expect 30 year lifespan

PIERCE - Listened to wants, willing to modify, almost anything 'do-able'

Leslie

Appleton, WI

Pierce is a division Oshkosh

\$799,000

Builds own chassis (CGFD choose 'Enforcer' chassis - lower riding, easier entry)

Aluminum body

Price increase 2/1/2022, of about 5%

Build time is 16 months

90 days prior to truck completion, get discount if pay for chassis (Spartan chassis \$290,000)

After sign, takes about 4 months to finalize specs

Pay in 2023, nothing due at signing

Facebook posts show about 3 or 4 trucks completed per week

Lightbar over cab, away from water

Just under 35-ft long

Use stainless steel pipe

DARLEY - At start "Here is the spec for recent order, tell what want changed"

- Later they were more responsive

Chippewa Falls, WI

\$787,000

Chassis from other manufacturer

Poly body

Light bar over hose bed - probably need to raise lightbar to load hose (issue inside firehouse)

Lead time 12-14 months

33-ft long

Use black pipe

CUSTOM FIRE

\$760,000 range

Spec was smaller, believe needs to add some things

Chassis from other manufacturer

35-ft long, 2-ft longer than Darley, a little longer than Pierce

Pierce and Darley very similar in specs and comparable price

FIRE DEPT'S CHOICE:

Pierce

OLD TRUCK

Not much value left, similar truck sold recently for \$10,000

4. Adjourn

Meeting was adjourned at 6:55 PM.

Respectfully submitted,

David Huenink
